Blog	Children	United States	National / Minnesota	-	Kids of Queers	<p>The Author hopes to provide useful information to children of gay men and women as there is little info out there. As she locates more sites, she will link to it and discuss it in the blog. Her own experience is with a gay father but she is hoping for a discussion on both men and women. She is coming from the perspective of an adult rather than a child currently going through the process. She makes no claims to be a therapist but does feel that the topics are universal. The confusion, anger, shame, acceptance, love, pride etc.</p> <p>When she started this blog her intent was to have a forum for children of gay parents to feel safe to discuss what they have experienced and to let others know that they aren't the only ones who have gone through this. Again a bit of a challenge because there isn't a whole bunch of info for kids. She would certainly welcome any topics for discussion and any other helpful sites that are known..</p>	<a href="http://kidsofqueers.blogspot.com/">http://kidsofqueers.blogspot.com/</a>

Group	Gay Persons	World-wide	-	-	HOW (Husbands Out to their Wives, formerly HOTTTS)	<p>Husbands Out to their Wives is a support group for married Gay or Bisexual men who either have or intend to come out to their wives. (The requirement is that a commitment has been made to themselves that it is necessary for their personal well-being and to have absolute honesty with the wife.)</p> <p>The group was started in 1996 as a sub-group of Bi Married Men of America (BMMA), an established group for married men who have identified themselves as Gay or Bisexual, but have not necessarily made the decision to come out of the closet to their spouses.</p> <p>The men in HOW represent a wide variety of life styles as far as relating their sexuality to their marriages. Some have no M2M intimate relationships, some do with the support of their wives, and there are examples of triad relationships living under the same roof. But these three types of situations are only some of the examples you will find within our group.</p> <p>The basic purpose of the group is to be there for support in the struggles that the male certainly has as he tries to work through the problems that marriages, where the spouses may have different sexual orientations, have. The list manager for HOW is owner-how@QueerNet.ORG - All you need to do is E-mail this address and say that you would like to</p>	<a href="mailto:frazer.jones@gmail.com">mailto:frazer.jones@gmail.com</a>

Resource	Straight Persons	World-wide	-	-	MMTL - Men Married to Lesbians	<p>Membership is restricted to men who are married to a lesbian or bisexual woman. There is also an expectation that you are seeking help in coping with the challenges of being in a Mixed Orientation Marriage (MOM) and that you desire to have a more positive relationship with your spouse.</p> <p>MMTL is intended to be a supportive environment in which men are free to express their hurt, anger, and confusion. Our goal is to facilitate a process of emotional healing through sharing of knowledge, strength and hope.</p> <p>If you know that your marriage is ending and there is no desire to work on improving the relationship apart or together, then MMTL is not the appropriate group to join. The Straight Spouse Network (SSN)</p> <p><a href="http://www.ssnetwk.org/">http://www.ssnetwk.org/</a> lists several other groups that you may find more helpful.</p>	<a href="http://groups.yahoo.com/group/MMTL/">http://groups.yahoo.com/group/MMTL/</a>
